

De-icing and anti-icing will be performed according to separate pricelist.

Liability and indemnity

The Handling Company shall not be liable for damage sustained by or claims lodged against the carrier in connection with the performance or non-performance of the services or the supply of goods, if any, irrespective of how and by which persons such damages are caused, unless such damages or claims are due to gross negligence or willful misconduct of the Handling company, its servants or subcontractors.

The Carrier shall indemnify the Handling Company against and hold the Handling Company free and harmless from all claims (including all costs incident thereto) instituted by or on behalf of the Carrier's passengers, employees, shippers or consignees if these claims arise from or are connected with the performance of the services or the supply of goods by the Handling Company unless such claims are due to gross negligence or willful misconduct of the Handling Company, its servants or subcontractors.

Billund Airport is slot coordinated

Billund Airport is level one slot coordinated, and therefore airport slot is mandatory for flights with MTOM above 3,500 kg.

We kindly ask you, to apply for slot through Airport Coordination Denmark using one of the following addresses,

SITA: CPHACXH
Mail: SCR@AIRPORTCOORDINATION.COM

If any doubt you are welcome to contact Airport Coordination Denmark directly,
Mr. Allan Petersen
Mail: petersen@airportcoordination.com
